{180/862 (21%) Physicians earning CME are MI physicians}
- Revised version coming in 2012

Responsible Opioid Prescribing offers physicians effective strategies for reducing the risk of addiction, abuse, and diversion of opioids that they prescribe for their patients in pain. Written by pain medicine specialist Scott M. Fishman, M.D., this concise handbook translates the Federation of State Medical Board's *Model Policy for the Use of Controlled Substances for the Treatment of Pain* into pragmatic steps for risk reduction and improved patients care, including:

- Patient evaluation, including risk assessment
 - Treatment plans that incorporate functional goals
 - Informed consent and prescribing agreements
 - Periodic review and monitoring of patients
 - Referral and patient management
 - Documentation
- This CME activity is jointly sponsored by:
- Compliance with state and federal laws

Scott M. Fishman, M.D., is a leading pain medicine clinician, researcher, teacher, lecturer, and writer. He is chief of the Division of Pain Medicine and Professor of Anesthesiology at the University of California, Davis. Board certified in Internal Medicine, Psychiatry, Hospice and Palliative Medicine, and Pain Medicine, Dr. Fishman is Past President of the American Academy of Pain Medicine, President and Chair of the Board of the American Pain Foundation, author of *The War on Pain* and *Listening to Pain*, and coauthor of *The Massachusetts General Hospital Handbook of Pain Management* and *Essentials of Pain Medicine*.

Volume 2, Issue 2 Fall 2011

Bureau of Health Professions Transfers to LARA

MiPainManagement Newsletter Now Under the Department of Licensing and Regulatory Affairs

On April 24, 2011 the Bureau of Health Professions was officially transferred to the Department of Licensing and Regulatory Affairs as part of an Executive Order signed by Governor Snyder in February 2011. The Bureau was previously housed in the Department of Community Health.

The *MiPainManagement* newsletter, which was first published in August 2010, will continue to be produced in the Bureau's Professional Practice Section. This free, biannual newsletter will continue to provide a wide array of information for health care professionals regarding pain and symptom management and palliative care. It will include information on best pain management practices across Michigan, updated state and federal pain management policy and legislative efforts, and pain management resources available to health professionals and their patients. It will also provide updates on the work of the Michigan Advisory Committee on Pain and Symptom Management and efforts of the state Pain Management and Palliative Care Program.

This is the third issue of *MiPainManagement*, which is currently received electronically by more than 4,600 subscribers. Each issue is also sent once by mail to all newly licensed health professionals in Michigan. If you are receiving this newsletter for the first time, you may wish to view previous issues at www.michigan.gov/bhp. You may also subscribe to *MiPainManagement* on this website. Please feel free to send *MiPainManagement* to your colleagues and link our website to yours. If you have any questions regarding this newsletter, you may contact Deean Lyman at 517-241-1181 or Deean.Lyman@michigan.gov.
